

PHASE COIN MINTING AGREEMENT

DRAFT — PREPARED FOR LEGAL REVIEW

Prepared September 27, 2026, for review at the September 28, 2026 legal session.

TEMPLATE ONLY — NOT LEGAL ADVICE. This document is a drafting template. It is not legal advice, does not create a solicitor–client relationship, and creates no binding obligations in this form. Phase Platforms Inc. (proposed) and each Issuer should have qualified legal counsel in each relevant jurisdiction review, revise, and finalize this agreement before relying on it for any live coin issuance or offering. Bracketed items **[like this]** require a business or legal decision before finalization.

Schedules: A — Individual Issuer Supplemental Terms · B — Entity Issuer Supplemental Terms · C — Coin Specification Sheet · D — Fee Schedule · E — Prohibited Coins, Content, and Conduct

1. PARTIES

1.1 Phase. Phase Platforms Inc., a corporation proposed to be incorporated under the federal laws of Canada ("**Phase**", "**we**", "**us**"), operating the Phase network and application (the "**Platform**").

1.2 Issuer. The person or entity identified in the signature block and in **Schedule C** ("**Issuer**", "**you**") that mints and lists a Coin on the Platform.

1.3 Phase and Issuer are each a "**Party**" and together the "**Parties**."

2. RECITALS

- A. Phase operates a platform on which users can mint, list, and trade user-issued coins, each trading on its own sovereign ledger within the Phase network.
- B. Issuer wishes to mint and list a coin on the Platform, and Phase is willing to make the Platform available for that purpose, on the terms of this Agreement.
- C. The Parties intend this Agreement to set out, for **all categories of Issuers and Coins** on the Platform, the issuance mechanics, the Parties' representations and obligations, the economic terms, and the compliance framework applicable to the Coin.

3. DEFINITIONS

- 3.1 "**Coin**" means the user-issued digital asset described in Schedule C, minted through the Platform.
- 3.2 "**Holder**" means any person holding units (shares) of the Coin.
- 3.3 "**Genesis Supply**" means the total units of the Coin created at minting, as set out in Schedule C.
- 3.4 "**Sovereign Split**" means the allocation of the Genesis Supply between the public float and the Issuer's retained allocation, as set out in Schedule C.
- 3.5 "**Value Thesis**" means Issuer's written description, in Schedule C, of the basis on which Issuer describes the Coin's value.
- 3.6 "**Minting**" means the technical creation of the Coin's Genesis Supply on the Coin's sovereign ledger through the Platform.
- 3.7 "**Listing**" means making the Coin available for trading on the Platform marketplace.
- 3.8 "**Applicable Law**" means all laws, regulations, rules, orders, and guidance applicable to a Party in connection with the Coin, including securities laws, anti-money-laundering and counter-terrorist-financing laws, sanctions laws, tax laws, and consumer-protection laws.

4. ISSUER CATEGORIES

- 4.1 This Agreement applies to every Issuer on the Platform. Category-specific supplemental terms apply as follows:
 - (a) **Individual Issuers** — a natural person minting in a personal capacity: **Schedule A** applies in addition to the main body of this Agreement.
 - (b) **Entity Issuers** — a corporation, partnership, or other organization: **Schedule B** applies in addition to the main body of this Agreement.

4.2 Where a Schedule conflicts with the main body, the Schedule controls for Issuers in that category. Issuer represents that it has selected the correct category and will notify Phase promptly if its category changes.

5. THE COIN; MINTING MECHANICS

5.1 Coin specifications. The Coin's name, symbol, Genesis Supply, decimals, Sovereign Split, sovereign ledger, and Value Thesis are set out in **Schedule C**, completed by Issuer before Minting. Issuer is solely responsible for the accuracy of Schedule C.

5.2 Minting process. Upon Issuer's execution of this Agreement (including electronic signature in the Platform) and Phase's acceptance, Phase will execute the Minting: creation of the Genesis Supply on the Coin's sovereign ledger, allocation per the Sovereign Split, and Listing of the public float on the marketplace.

5.3 No further issuance without agreement. Issuer may not increase the Genesis Supply or mint additional units except through a supplemental issuance executed in the Platform and governed by this Agreement (or a successor agreement). Any unauthorized minting is a material breach.

5.4 Burn. Issuer may burn units it holds by sending them to a verifiably unspendable address or through the Platform's burn function, with prior notice to Phase. Issuer may not burn Holders' units.

5.5 Ledger independence. Each Coin trades on its own sovereign ledger. The price and availability of the Coin move independently of any other coin, asset, or chain on the Platform. Phase does not peg, back, or guarantee the Coin's value.

5.6 Platform status. Issuer acknowledges that the Platform and its settlement rails are in active development and may operate in test or limited-production mode, as disclosed in the Platform. Issuer agrees to any test-mode limitations Phase discloses and will not represent the Coin as trading on production financial-market infrastructure unless Phase confirms so in writing.

6. ISSUER REPRESENTATIONS AND WARRANTIES

Issuer represents and warrants to Phase and to each Holder, as of the date of this Agreement and as of the date of Minting, that:

(a) **Identity and authority.** Issuer is the person or entity named in Schedule C, is of full legal age and capacity (or, for Entity Issuers, is duly organized, validly existing, and in good standing), and has full power and authority to enter into this Agreement, to mint and offer the Coin, and to perform its obligations.

(b) **Accuracy of disclosures.** All information Issuer provided about the Coin — including the Value Thesis, Issuer's identity, and any financial, business, or audience information — is true, complete, and not misleading, with no material fact omitted.

(c) **No infringement.** Minting, listing, and offering the Coin, and the content and branding associated with it, do not infringe the intellectual-property, publicity, privacy, or other rights of any third party.

(d) **Compliance.** Issuer's activities in connection with the Coin comply and will comply with all Applicable Law.

(e) **No sanctions or crime.** Neither Issuer nor, for Entity Issuers, any director, officer, or beneficial owner, is subject to sanctions, or has been convicted of fraud, money laundering, terrorist financing, or securities offenses.

(f) **No encumbrance.** The Genesis Supply is free of liens and encumbrances, and Issuer has not granted any third party rights in the Coin inconsistent with this Agreement.

7. ISSUER COVENANTS

7.1 **Ongoing disclosure.** Issuer will promptly correct any material inaccuracy in Schedule C or in any disclosure made to Holders, and will publish material updates about the Coin through the Platform's designated channels.

7.2 **No market manipulation.** Issuer will not engage in wash trading, spoofing, pump-and-dump activity, misleading promotions, or any other manipulative or deceptive practice respecting the Coin.

7.3 **No guaranteed returns.** Issuer will not promise, guarantee, or imply any return, profit, yield, or price target for the Coin in any communication.

7.4 **Communications discipline.** Issuer will not make representations or promises that the Coin is endorsed, insured, or guaranteed by Phase, or that Phase stands behind the Coin's value.

7.5 **Record-keeping.** Issuer will maintain accurate records of the Coin's issuance, allocation, and its own holdings for at least **[seven (7)]** years and make them available to Phase on reasonable request for compliance purposes.

7.6 **Taxes.** Issuer is solely responsible for all taxes arising from the issuance, sale, or transfer of the Coin.

8. HOLDER ACKNOWLEDGMENTS AND RISK DISCLOSURES

8.1 Each Holder, by acquiring the Coin, is deemed to acknowledge and agree that:

(a) **Risk of loss.** Digital assets are volatile; the Coin may lose some or all of its value, including the entire amount paid. No return is guaranteed.

(b) **Issuer dependence.** The Coin's value, if any, derives from the Value Thesis described by Issuer, not from Phase. Holders rely on Issuer's disclosures, not on Phase.

(c) **Independent ledgers.** The Coin trades on an isolated sovereign ledger; its price is independent of other assets.

(d) **Liquidity risk.** There may be limited or no secondary-market liquidity; Holders may be unable to sell.

(e) **Technology risk.** Smart-contract, ledger, custody, and cybersecurity risks may cause loss, including through bugs, forks, or attacks.

(f) **Regulatory risk.** Laws may change; the Coin's legal classification may change; trading may be restricted or suspended.

(g) **Test-mode notice.** While the Platform operates in test or limited-production mode, Coins are experimental instruments and settlement may be reversible or simulated, as disclosed in the Platform.

8.2 Phase will present these acknowledgments to Holders at acquisition in the Platform interface. Issuer will not contradict or dilute them.

9. FEES AND ECONOMICS

9.1 **Platform fees.** Issuer agrees to the fees set out in **Schedule D** (minting fee, listing fee, and marketplace transaction fee share). Phase may update Schedule D on **[thirty (30)]** days' notice; continued Listing after the notice period constitutes acceptance.

9.2 **Settlement of trades.** Marketplace trades in the Coin settle as described in the Platform: buyer consideration moves to the seller, and the Coin's public float moves to the buyer, in each case net of the fees in Schedule D.

9.3 **Issuer proceeds.** Proceeds of primary and secondary sales attributable to Issuer under the Sovereign Split are credited to Issuer's Platform account, net of fees, and are withdrawable per the Platform's payout terms.

9.4 **No Phase market-making.** Phase does not act as market maker in the Coin and does not commit capital to support its price, unless separately agreed in writing.

10. REGULATORY COMPLIANCE

10.1 **Securities-law posture.** The Parties acknowledge that the regulatory classification of user-issued coins is fact-specific and evolving. Accordingly:

(a) Issuer will not offer or market the Coin as an investment, security, or profit opportunity, and will not make representations or promises of managerial efforts, profits, or returns in connection with the Coin.

(b) If, in any jurisdiction, the Coin's offer or sale requires registration, a prospectus, a dealer, or an exemption, Issuer will not offer or sell the Coin in that jurisdiction except in compliance with Applicable Law, and will promptly notify Phase.

(c) Phase may, on legal advice, geofence, restrict, or suspend the Coin in any jurisdiction.

10.2 AML/CTF and sanctions. Issuer will comply with applicable anti-money-laundering, counter-terrorist-financing, and sanctions laws; will not facilitate transactions with sanctioned persons or jurisdictions; and will cooperate with Phase's compliance program, including identity verification and transaction monitoring.

10.3 Regulatory inquiries. Each Party will promptly notify the other of any regulatory inquiry, investigation, or proceeding relating to the Coin and will cooperate reasonably, subject to legal privilege.

10.4 No Phase legal umbrella. Nothing in this Agreement implies that Phase is a registered dealer, adviser, marketplace, or money-services business in any jurisdiction, or that Phase's compliance program satisfies Issuer's own regulatory obligations. Issuer is independently responsible for its compliance.

11. INTELLECTUAL PROPERTY AND CONTENT

11.1 Issuer IP. Issuer retains ownership of its trademarks, branding, and content associated with the Coin.

11.2 License to Phase. Issuer grants Phase a worldwide, non-exclusive, royalty-free license to display, reproduce, and distribute the Coin's name, symbol, imagery, and Value Thesis on the Platform and in Platform marketing, for as long as the Coin is listed and for a reasonable archival period after delisting.

11.3 Platform IP. The Platform, its software, and its documentation are and remain Phase's exclusive property. Nothing in this Agreement assigns Phase IP to Issuer.

11.4 Content standards. Issuer's Coin content must comply with **Schedule E**. Phase may remove or require changes to non-compliant content.

12. TRANSFER RESTRICTIONS; SECONDARY TRADING

12.1 General transferability. Units of the Coin are transferable on the Platform's marketplace, subject to this Agreement and Applicable Law.

12.2 Regulatory transfer restrictions. Where Applicable Law requires transfer restrictions (including holding periods, eligible-holder limitations, or jurisdictional blocks), Issuer will implement them and Phase will enforce them technically where the Platform supports it. Issuer is responsible for confirming the correct restrictions with counsel.

12.3 **No circumvention.** Issuer will not facilitate off-Platform transfers designed to evade restrictions enforced on the Platform.

13. PLATFORM RIGHTS: LISTING, SUSPENSION, AND DELISTING

13.1 **Listing discretion.** Phase accepts Listings at its discretion and may decline or condition any Listing for compliance, reputational, or technical reasons.

13.2 **Suspension and delisting.** Phase may suspend trading or delist the Coin, with or without prior notice, if: (a) Issuer materially breaches this Agreement; (b) required by Applicable Law or legal advice; (c) the Coin is associated with fraud, manipulation, sanctions exposure, or prohibited content under Schedule E; or (d) continued Listing poses unreasonable risk to the Platform or its users.

13.3 **Effect of delisting.** On delisting, new Minting and marketplace trading halt; Holders retain their ledger positions; Issuer remains bound by Sections 6–11, 16, and 17 with respect to units already issued.

13.4 **No liability for good-faith action.** Phase is not liable for good-faith suspension or delisting decisions under this Section.

14. TERM AND TERMINATION

14.1 **Term.** This Agreement begins on execution and remains in effect while any units of the Coin are publicly held or listed, unless terminated earlier under this Section.

14.2 **Termination by Issuer.** Issuer may terminate by delisting the Coin through the Platform and providing **[thirty (30)]** days' written notice; termination does not extinguish obligations respecting units already issued.

14.3 **Termination by Phase.** Phase may terminate immediately for material breach (including Sections 6, 7, 10, or 11), illegality, or under Section 13.2.

14.4 **Survival.** Sections 6, 8, 10, 11, 15, 16, and 17 survive termination.

15. DATA AND CONFIDENTIALITY

15.1 Each Party will protect the other's non-public information disclosed under this Agreement and use it only to perform under it, except as required by Applicable Law.

15.2 Issuer consents to Phase's collection and use of Issuer and Holder data as described in the Platform's privacy policy, including for compliance, fraud prevention, and Platform operation.

16. LIMITATION OF LIABILITY

16.1 **No indirect damages.** To the maximum extent permitted by law, neither Party is liable for indirect, incidental, special, consequential, or punitive damages, or for loss of profits, revenue, or data, arising from this Agreement or the Coin.

16.2 **Cap.** Except for Issuer's indemnification obligations and breaches of Sections 6(c), 7.2, 10, or 11, each Party's aggregate liability under this Agreement is capped at the greater of **[CAD 10,000]** and the total fees Phase received from the Coin in the twelve (12) months preceding the claim.

16.3 **Essential basis.** The limitations in this Section are an essential basis of the bargain. Nothing in this Section limits liability that cannot be limited by Applicable Law.

17. INDEMNIFICATION

17.1 **By Issuer.** Issuer will indemnify, defend, and hold harmless Phase and its directors, officers, employees, and agents from third-party claims, damages, losses, and reasonable legal costs arising from: (a) breach of Issuer's representations, warranties, or covenants; (b) the Coin's content, Value Thesis, or branding; (c) Issuer's violation of Applicable Law; or (d) claims by Holders relating to the Coin's value or Issuer's disclosures.

17.2 **By Phase.** Phase will indemnify Issuer against third-party claims arising from Phase's gross negligence or willful misconduct in operating the Platform.

17.3 **Procedure.** The indemnified Party will give prompt notice, allow the indemnifying Party to control the defense (with counsel reasonably acceptable to the indemnified Party), and cooperate reasonably.

18. DISPUTE RESOLUTION; GOVERNING LAW

18.1 **Governing law.** This Agreement is governed by the laws of the Province of Ontario and the federal laws of Canada applicable there **[— to be confirmed by counsel]**.

18.2 **Negotiation and mediation.** Disputes will first be negotiated in good faith for **[thirty (30)]** days, then mediated in Toronto, Ontario under **[the ADR Institute of Canada rules — to be confirmed]**.

18.3 **Courts.** Failing resolution, disputes will be submitted to the courts of Ontario, sitting in Toronto. The Parties attorn to that jurisdiction.

19. GENERAL PROVISIONS

19.1 **Entire agreement.** This Agreement, including Schedules, is the entire agreement on the Coin's minting and listing, superseding the prior Phase Issuer Agreement template for Coins issued after its effective date.

19.2 **Amendments.** Phase may amend this Agreement on **[thirty (30)]** days' notice for legal, regulatory, or operational reasons; material adverse changes give Issuer the right to delist under Section 14.2. Otherwise, amendments require written agreement.

19.3 **Assignment.** Issuer may not assign this Agreement without Phase's written consent. Phase may assign in connection with a merger, acquisition, or sale of the Platform business.

19.4 **Severability.** Invalid provisions are severed; the remainder continues, and the Parties will replace the severed provision with a valid one reflecting its intent.

19.5 **Waiver.** No waiver is effective unless in writing; no waiver of one breach waives others.

19.6 **Notices.** Notices go to the addresses in Schedule C (Issuer) and to Phase's published legal contact, by email with confirmation or by recognized courier.

19.7 **Electronic signatures.** Execution by typed legal name in the Platform, click-to-accept, or other electronic signature has the same effect as ink, subject to Applicable Law.

19.8 **Language.** This Agreement is in English **[; a French version may be required for certain Canadian users — to be confirmed by counsel]**.

19.9 **Counterparts.** May be executed in counterparts.

20. SIGNATURES

ISSUER

Legal name (print): _____

Category: () Individual (Schedule A) · () Entity (Schedule B)

Signature: _____ *(By typing their full legal name in the Phase app, Issuer signs electronically.)*

Title (Entity Issuers): _____

Date: _____

PHASE PLATFORMS INC. *(proposed)*

Signature: _____

Name / Title: _____

Date: _____

SCHEDULE A — INDIVIDUAL ISSUER SUPPLEMENTAL TERMS

A.1 Capacity. Issuer confirms it is at least the age of majority in its jurisdiction of residence and is acting in a personal capacity, not on behalf of an employer or undisclosed principal.

A.2 No professional-advice representation. Issuer will not represent itself as a licensed investment adviser, dealer, or financial professional in connection with the Coin unless duly licensed, and will not provide investment advice respecting the Coin.

A.3 Identity verification. Issuer will complete Phase's identity-verification process before Listing and keep identity information current.

A.4 Personal-use presumption. Coins minted by Individual Issuers are presumed to be personal, creative, or community instruments. Any shift toward investment-like marketing voids that presumption and triggers Section 10.1(b).

SCHEDULE B — ENTITY ISSUER SUPPLEMENTAL TERMS

B.1 Corporate authority. The signatory represents it is duly authorized to bind the entity, and will provide on request: certificate of incorporation/organization, incumbency or board authorization, and beneficial-ownership information.

B.2 Good standing. Issuer will remain in good standing in its jurisdiction of organization while listed and notify Phase of any dissolution, insolvency, or change of control.

B.3 Regulated entities. If Issuer is regulated (e.g., a financial institution or registrant), it represents that minting and offering the Coin is within its authorized activities, and will provide its regulator and license details on request.

B.4 Authorized contacts. Issuer will designate at least one authorized contact for compliance and delisting communications and keep the designation current.

SCHEDULE C — COIN SPECIFICATION SHEET

Coin name:	_____
Symbol / ticker:	_____
Issuer legal name:	_____
Issuer category:	☐ Individual · ☐ Entity
Jurisdiction of residence / organization:	_____
Genesis Supply (total units):	_____
Decimals:	_____
Sovereign Split — % public float:	_____
Sovereign Split — % retained by Issuer:	_____
Sovereign ledger / chain:	_____
Value Thesis (basis of described value):	_____
Intended coin category:	☐ Creator · ☐ Business · ☐ Community · ☐ Other: _____
Issuer contact email:	_____
Issuer notice address:	_____

Issuer initials: _____

SCHEDULE D — FEE SCHEDULE

[TO BE DETERMINED — business decision required before finalization.]

Minting fee (per Coin): [TBD]

Listing fee: [TBD]

Marketplace transaction fee (buyer/seller split): [TBD]

Payout / withdrawal fee: [TBD]

Currency of fees: [CAD / USD — TBD]

SCHEDULE E — PROHIBITED COINS, CONTENT, AND CONDUCT

The following are prohibited. Phase may refuse Listing, suspend trading, or delist for any of them:

E.1 Coins or content that are unlawful, fraudulent, or deceptive, including Ponzi or pyramid structures.

E.2 Coins marketed or structured as securities without compliance with Applicable Law (see Section 10.1).

E.3 Coins or content infringing intellectual-property, publicity, or privacy rights.

E.4 Hateful, harassing, or obscene content; content exploiting minors.

E.5 Coins facilitating money laundering, terrorist financing, sanctions evasion, or transactions with sanctioned persons or jurisdictions.

E.6 Impersonation of any person, business, government, or of Phase itself.

E.7 Malware, phishing, or technical abuse of the Platform.

E.8 Any conduct described in Section 7.2 (market manipulation).

End of draft. Prepared for legal review September 28, 2026.
